

## **Route 28/Main Street Design Public Workshop**

The Town of North Reading is working with the Cecil Group on a planning project intended to improve the look and feel of Route 28/Main Street. The project's vision is a Main Street that accommodates all users – vehicles, bicyclists and pedestrians – and enhances the commercial and retail character of the district. We will be looking at ways to increase safety, calm traffic, improve the pedestrian and bicycle environment and enhance the aesthetics of the corridor.

The Cecil Group and the town will be hosting a public workshop to discuss possible concepts for Main Street improvements on the evening of **Thursday, October 15, 2015 (7 p.m.)**. We invite input from residents, business owners and anyone else interested in North Reading's Main Street. The workshop will be held in **Room 14 of Town Hall, 235 North Street**.

Please RSVP to Danielle McKnight at [dmcknight@northreadingma.gov](mailto:dmcknight@northreadingma.gov) or (978) 357-5206.

*This project is made possible by a Massachusetts Downtown Initiative grant from the Department of Housing and Community Development.*
